

Professional Writing Minor-1

Professional Writing Minor

Coordinator: Pearson

The professional writing minor allows students to gain a theoretical grounding and practical experience in both traditional and new media journalism, public relations, advertising, and marketing communications. Whenever possible, students in the professional writing classes work collaboratively on projects with students in other media-related disciplines. Multiple minors may overlap by only one course. No more than one course taken toward the student's major may be counted in the Professional Writing minor.
